## Journey Through The Glass

Our last two years have been a milestone in which new terms about production and consumption were put in circulation, new codes were written. Our awareness as individuals and as a society have increased. Health and well-being have become humanity's agenda on a mass scale and in a different perspective than ever before. This period also led us all to do things we already wanted to do but long postponed. And it showed signs that collectively we could create a better world.

Today, we look at every stage from product development to design more sensitively through the viewpoint of social and environmental responsibilities. As LAV, we go beyond being simply a manufacturer and work to create a vision for our shared future. The new definitions of the sense of belonging for the post-pandemic era are our motivations: Eating healthier, consuming less, reusing, recycling, transforming further, sustainability that is no longer an "extra"...

While the changing consumer priorities and values are relocating the kitchen as the main focal point of living spaces, we also keep on transforming with our innovative and sincere attitude parallel to life. As LAV, we are taking firm steps towards becoming a world brand. As the world's 5th largest producer of glassware, as of 2020, we produce 2 million pieces of glass daily in our two production facilities. With 350 business partners on a global scale, we deliver our products to people in every corner of the world at 200,000 sales points and become a part of their tables.

Our export numbers have increased by 450% in the last ten years. We still produce and export at a higher standard despite the rising costs in raw materials, logistics, and particularly energy, resulting from economic instability and price irregularities. Our sustainable way of executing business and investments play an essential role in these achievements. The most important one of those investments was getting into the North American market. The new showroom we opened this year on Madison Avenue in New York, where the leading brands of the global industry are also present, marked the beginning of an exciting new journey for LAV.

As one of the aftershocks of the pandemic, the products carry deeper meanings for consumers, who will focus on stillness versus chaos, quality versus quantity, and a slower life, so brands need to develop a trustworthy sustainable purpose. We want to retell the story of glass to the U.S and change the kitchen routine with our energy. The pandemic had paved the way for a process in which the impact of consumption on the environment and inner self is seriously questioned; In this way, we remembered some fundamental values. We reassess things we deem necessary and unnecessary in our daily life. As a company that manufactures products constantly in contact with food, we have carried out many innovative studies to prevent food waste. We have expanded our portfolio of storage containers to store the food for an extended time and in a healthy way. We will continue to ponder and develop projects on food preservation.

LAV 2020 Sustainability Report covers our priorities, performance, and goals in line with our strategy "Journey through the Glass" for 2020-2025. In this roadmap, we focus our sustainability activities on the axis of 'A Better Company,' 'Better Products,' and 'A Better World.' Our primary concerns and objectives are correlated with these three pillars and the UN Sustainable Development Programme.

We add value to life with our products manufactured with respect to earth and humanity. We will continue to strengthen our environmental, social, and managerial performance by placing sustainability at the core of all our actions.

Get ready for a new journey through the glass!

## Cam ile yolculuk

Son iki yılımız, üretim ve tüketim için yeni kavramların söylendiği, yeni kodların yazıldığı, yeni fikirlerin ortaya atıldığı ve bireyden topluma uzanan geniş bir skalada farkındalığımızın arttığı bir dönem oldu. Sağlık ve esenlik hiç olmadığı bir ölçekte ve farklı bir perspektifle insanlığın gündemi haline geldi. Hepimizi zaten yapmak istediği ama ertelediği şeyleri yapmaya sevk etti. Ve esas olarak hep birlikte daha iyi bir dünya ortaya çıkarabileceğimizin emarelerini gösterdi.

Biz bugün artık ürün geliştirmeden tasarıma her aşamaya, sosyal ve çevresel sorumluluklar penceresinden daha hassas bakıyoruz; LAV olarak salt üretici olmanın ötesine geçiyor ve üretirken ortak geleceğimizi için bir vizyon yaratmak için çalışıyoruz. Bu yeni düzenin yeni aidiyet tanımları da motivasyon kaynağımız. Daha sağlıklı beslenmek, daha az tüketmek, yeniden kullanmak, geri dönüştürmek, ileri dönüştürmek, "ekstra" olmaktan çıkan sürdürülebilirlik...

Değişen tüketici öncelikleri ve değerleriyle birlikte mutfak, yaşam alanlarının odak noktasına yeniden yerleşirken, biz de hayata paralel yenilikçi ve samimi tavrımızla dönüşmeye devam ediyoruz. LAV olarak bir dünya markası olma yolunda emin adımlarla ilerliyoruz. Dünyanın en büyük 5. sofa camı üreticisi olarak, 2020 yılı itibarıyla iki üretim tesisi ile gündelik bazda 2 milyon adet cam üretiyoruz. Küresel ölçekte 350 iş ortağı ile 200 bin satış noktasında ürünlerimizi dünyanın her köşesinde insanlara ulaştırıyor, sofralarının bir parçası oluyoruz.

Son on yılda ihracatımız %450 artış gösterdi. Tüm ekonomik istikrarsızlıklardan ve fiyat dengesizliklerinden kaynaklanan enerji başta olmak üzere, hammadde, lojistik gibi kalemlerde artan maliyetlere rağmen yüksek bir standartta üretmeye ve ihracata devam ediyoruz. Başarılarımızda sürdürülebilir iş yapış biçimimiz ve yatırımlarımız önemli bir rol oynuyor. Bunlardan en önemlisi ise Kuzey Amerika pazarı! Bu yıl küresel sektörün önde gelen markalarının da yer aldığı New York'taki Madison Avenue'de açtığımız yeni showroom, LAV için heyecan verici yeni bir yolculuğun başlangıcı oldu.

Salgın artışı sosyal etkilerinden dolayı kaosa karşı durgunluğa, niceliğe karşı niteliğe ve daha yavaş bir yaşama odaklanan tüketiciler için "ürünler" artık daha derin anlamlar taşıyor; bu nedenle markaların da samimi bir sürdürülebilir amaca sahip olması önem kazanıyor. Tam bu noktada Amerika'ya camın hikayesini yeniden anlatarak, LAV'ın enerjisi ile mutfak rutini değiştirme arzusundayız.

Pandemi, tüketimin çevre ve iç benlik üzerindeki etkisinin ciddiyetle sorgulandığı bir süreçte sebep oldu; bu sayede temel bazı değerleri hatırladık. Günlük hayatımızda gerekli ve gereksiz gördüğümüz şeylere yeniden göz attık. Bu noktada, gıda ile temas eden ürünler üreten bir şirket olarak gıda israfının önlenmesi adına birçok yenilikçi çalışma gerçekleştirdik. Gıdaların uzun süreli ve sağlıklı saklanabileceği saklama kabı portföyümüzü genişlettik. 2021 yılında odaklandığımız gıdanın korunması konusu üzerine kafa yormaya ve projeler geliştirmeye devam edeceğiz.

İlkini yayınladığımız LAV 2020 Sürdürülebilirlik Raporu'muzda, 2020-2025 dönemi için belirlediğimiz stratejimiz olan "Cam ile Yolculuk" doğrultusunda önceliklerimizi, performansımızı ve hedeflerimizi kapsıyor. Bu yol haritamızda sürdürülebilirlik alanındaki faaliyetlerimizi 'İyi bir Şirket', 'İyi Ürünler' ve 'İyi bir Dünya' eksenlerine odaklıyoruz. Bu alanlara karşılık gelen öncelikli konularımızı ve katkı sağladığımız BM Sürdürülebilir Kalkınma Amaçları'nı belirledik.

Dünyaya ve insana saygılı süreçlerle üretilen ürünlerimizle hayata değer katıyoruz. Sürdürülebilirliği tüm faaliyetlerimizin merkezine oturarak çevresel, sosyal ve yönetsel alanlardaki performansımızı güçlendirmeye önümüzdeki yıllarda da devam edeceğiz.

Cam ile yeni bir yolculuğa hazırlanın!

## NEW YENİ

11.

## terra

When the first Terra glasses had shipped, it was a given fact that new versions would be arriving soon. Yet here we're one year after, and two more new two Terra glasses are here.

İlk Terra bardaklar dünya sofralarına doğru yola çıktığı anda yeni versiyonların da yakında yola çıkacakları belliydi. Henüz bir yıl geçmeden Terra iki yeni ürünle sofralara konuk oluyor.

27.

## valeria

The finely designed polygon base of Valeria wields the light and colors. The playful angles of the base create visual depth and also sustain a solid and balanced structure.

Valeria'nın incelikle tasarlanmış poligon tabanı, ışık ve renklere yeniden şekil veriyor. Tabanın eğlenceli açılımları görsel derinlik yaratırken, sağlam ve dengeli bir duruş sunuyor.

29.

## luca

Luca is a balanced blend of simplicity and function in design. A must-have for every 'modern-chic' kitchen and space.

Luca, tasarımda yalınlık ve fonksiyonun dengeli bir birlikteliği. Modern-şık her mutfağın ve hatta mekanın başucu bardağı olmaya kuvvetli bir aday.

51.

29.

## assos

Its soft contour and those shy, warm curves give Assos an irresistibly friendly and familiar character. They were designed to be used for daily enjoyment; but that intimate charm feels so alright for guests on every possible occasion.

Yumuşak silüeti ve mahçup kıvrımları, Assos'a samimi ve tanıdık bir karakter kazandırıyor. Günlük kullanım için tasarlandılar, ancak bu samimi çekicilik, olası her durum ve etkinlikte misafirlerinizi etkilemeyi başaracak.

46.

## tokyo

If you tend to a more classic taste on table setups, serving water and beverages in footed tumblers -like the new Tokyo- is one of the keys.

Servis ve masa düzenlerinizde daha klasik bir tarza eğiliminiz varsa, su ve içecekleri yeni Tokyo gibi ayaklı bardaklarda servis etmek kritik bir role sahiptir.

91.

## vera (carafe/karaf)

This gorgeous carafe is ably practical as it fits flawlessly into the typical fridge door. The level of minimal aesthetics and function combined here so naturally is a rare occasion for any design genre.

Bu şık karaf, standart buzdolabı kapak raflarına kusursuz bir şekilde oturduğu için oldukça pratiktir. Minimal estetik ve fonksiyonun Vera karafte olduğu gibi doğal bir şekilde bir araya gelmesi, herhangi bir tasarım için nadir görülen bir durumdur.

## LIFE WITHOUT WALLS

Being stuck behind walls made us yearn for open spaces. Even the appreciation of the miniature balconies goes up to the roof. It is no longer about the size, but it is about enjoying the outdoor space at hand to the fullest. Lay down on a comfy sofa, have a bowl of fresh fruits on the side table, and take a sip of your soothing cocktail.

## DUVARSIZ BİR YAŞAM

Dört duvar arasında sıkışıp kalmak, açık havada olmanın kıymetini anlamamızı sağladı. Minyatür balkonlar bile göz bebeklerine dönüştü. Açık havada olmak artık alanın büyüklüğü ile ilgili değil, elinizin altındaki keyfini sonuna kadar çıkarmakla ilgili. Şimdi balkonunuzda rahat bir kanepeye uzanın, sehpa ya bir kase taze meyve koyun ve içeceğinizden rahatlatan bir yudum alın.

#### PERSONAL PREFERENCES

Don't let anyone mandate the ways you enjoy your whisky. Know your drink, embrace your palette, and drink it the way you love without a shade of shame. If you like whisky cocktails, don't mind the noise of neat drinkers, and have your cocktail with the best suitable and available whisky. Whisky cocktails are nearly as old as whisky itself, going back to the 17th century.

#### KİŞİSEL TERCİHLER

*Kimsenin viskinin tadını nasıl çıkaracağını dikte etmesine izin vermeyin. Viskiye tanıyın, ağız tadınızla barışın ve nasıl seviyorsanız çekinmeden öyle tüketin. Eğer kokteyl seviyorsanız, 'sek'çi ahkamlara aldırmanın kokteylinizin keyfini çıkarın. Unutmayın ki viski kokteylleri neredeyse viskinin kendisi kadar eskidir ve tarihi 17. yüzyıla kadar uzanır.*

## SURPRISING INGREDIENTS

Fruits, berries, and all sorts of ingredients have been circulating around the globe with ease for the last couple of decades. With time innovative growers have turned these once-exotic ingredients into local delicacies. Physalis, for example, these lovely vibrant, sweet, and sour berries are often eaten raw for health benefits, but they can also be the perfect balancer for a pumpkin pudding. Thinking outside the box and trying new recipes with surprising tastes is easier than ever.

## ŞAŞIRTAN MALZEMELER

Meyvelere, yemişlere ve her türlü taze gıdaya, son yirmi yıldır dünya çapında kolaylıkla ulaşıyor. Zamanla yenilikçi çiftçiler, bir zamanlar egzotik olan bu malzemeleri yerel lezzetlere dönüştürdü. Örneğin altın çilek; bu sevimli, göz alıcı, tatlı ve ekşi meyve, sağlığa faydaları için çoğunlukla çiğ olarak tüketilir. Ama aynı zamanda balkabaklı tarifler için mükemmel bir dengeleyici de olabilirler. Alışılmışın dışında düşünmek ve şaşırtıcı tatlarla yeni tarifler denemek artık hiç olmadığı kadar kolay.

### NOT EVEN A FRUIT?

Although it is in its name, "strawberry" is definitely not a berry. If we dare to go a bit far: Strawberry is not a single fruit, instead a pseudo fruit consisting of many tiny fruit-like formations. Each yellow dot is a seed and surrounded by its minuscule fruit. This structure makes strawberries a very high-fibered food. Regarding fiber richness, 4-5 strawberries can top a slice of good quality whole wheat bread.

### 1 MEYVEDEN FAZLASI

Her ne kadar bir yemişe benzese de çileğin bir meyve olduğu su götürmez bir gerçek (mi?). Çilek aslında tek bir meyve değil, her biri birer mini meyve özelliği taşıyan oluşumların yüzlercesinin bir araya gelmesiyle ortaya çıkan bir meyve topluluğu. Üstünde gördüğümüz her sarı nokta bir tohumdur ve kendi ufacık meyvesi ile çevrilidir. Bu yapı çileği çok yüksek lifli bir besin yapar. 4-5 çilek, bir dilim yüksek kaliteli tam buğday ekmeğinden daha çok lif içerir.

**GO WILD!**

Table styling is not limited to dishes, cutlery, textiles, and ornaments. Flowers are indispensable, but you may approach them a little bit wilder by picking some seasonal wildflowers as your centerpiece. To establish color harmony, use a variety of fresh fruits with similar colors, prepare matching color drinks. This way, you can bring nature indoors and create a lovely setup for your guest.

**SOFRALARDA KIR ESİNTİSİ**

Masa tasarımı; tabaklar, çatal bıçak takımı, tekstil ve süsler ile sınırlı değildir. Çiçek de güzel bir masanın olmazsa olmazıdır. Hazır bir aranjman yerine kendi topladığınız yabani kır çiçeklerini kullanarak doğayı masanızın ortasına taşıyabilirsiniz. Renk uyumunu sağlamak için benzer renklere sahip çeşitli taze meyveler kullanılabilir, uyumlu renkte içecekler hazırlayabilirsiniz.

LAV

**DELICIOUS WATER**

Since we need to drink at least a couple of liters of water, why not turn this habit into something even more beneficial to our body. Let's start with the most basic, easy, and efficient upgrade to water: Lemon. It gives a little bit of Vitamin C, stimulates digestion, contains minerals that help sustain the body's balance, tastes good, and gives a fresher and healthier vibe with the scent and flavor. Don't be shy, and add some berries and greens into the mix.

**LEZİZ SU**

Günlük en az iki litre su içmemiz gerektiğine göre, neden bu alışkanlığı vücudumuz için daha faydalı bir şeye dönüştürmeyelim? Su için en basit, kolay ve verimli iyileştirme ile başlayalım: Limon. Limon dilimleri ve kabuğu suyunuza C vitamini ekler, sindirimi uyarır, vücudun dengesini korumaya yardımcı olan mineraller içerir, kokusu ve aromasıyla daha taze ve sağlıklı bir his verir. Sadece limonla yetinmenize gerek yok, karışıma biraz çilek dilimi atın ya da taze yeşillikler ekleyerek hem tat hem faydaları artırabilirsiniz.

Although there're variations, the tea plants are pretty similar. The separations between the end-products lie in the post-harvest process and long oxidation. The fresh leaves are left to dry and darken until they gather more tannins, antioxidants, caffeine, and flavor. With this complete oxidation, black tea gains a more effortless drinkability on an empty stomach than green tea. Black tea also owns a remarkably extended shelf-life; it can stay fresh for two to three years if stored properly.

## HEAVENLY BREW

What's there to not like black tea? It isn't only a delicious drink - it's also full of various benefits that may improve health and well-being. From boosting energy and sharpness to fending off colds and improving heart health, black tea's strong arsenal can help you feel your best.

## CENNETLİK DEM

*Siyah ayı sevmemek ii bir neden var mı? Sadece lezzetli bir iecek deęil, aynı zamanda saęlıęı ve esenlięi iyileştirebilecek çeşitli faydalarla da dolu. Enerji ve keskinlięi artırmaktan soęuk algınlıęını savuşturmaya ve kalp saęlıęını iyileştirmeye kadar, siyah ayın sayısız faydası kendinizi en iyi şekilde hissetmenize yardımcı olacaktır.*

*Farklı çeşitleri olsa da ay bitkileri birbirlerine oldukça benzerler. Son üründeki farklılaşma, hasat sonrası işlemlerle ve uzun oksidasyon süreciyle ilgilidir. Taze yapraklar daha fazla tanen, antioksidan, kafein ve aroma toplayana kadar kurumaya ve karamaya bırakılır. Bu tamamlanmış oksidasyon süreci sayesinde siyah ay, a karnına yeşil aydan daha zahmetsiz bir iilebilirlik kazanır. Siyah ay ayrıca oldukça uzun bir raf ömrüne sahiptir; doğru saklanırsa iki ila üç yıl taze kalabilir.*

### UNUSUALLY TASTY

The official fruit of Fall pumpkin is the prominent headliner here. But the co-star of this appealing LAV Ada service is a bit unusual; it is a semolina-based pudding. Milk puddings with semolina are denser and have a particular micro popping effect in the mouth.

### FEVKALADE LEZZETLİ

Küresel trendlerin, sonbaharın resmi meyvesine dönüştürdüğü bal kabağı buradaki başrol oyuncumuz. Ancak bu göz alıcı LAV Ada servisinin bir yıldızı daha var; irmik bazlı bir puding. İrmikli pudingler daha yoğundur ve ağızda belli belirsiz küçük patlama hisleri yaratır ve tadın daha iyi yayılmasını sağlarlar.

**SUPER LENTILS**

Lentils come in similar shapes but various colors like red, green, black, yellow, or orange. The color doesn't change the fact that they are all superfoods. They are even more superior because they're affordable. From soups to salads, warm dishes to puree, countless doable recipes from all around the globe can be found without a sweat.

**SÜPER MERCİMEKLER**

Mercimek çeşitlerinin şekilleri benzerdir, ancak kırmızı, yeşil, siyah, sarı veya turuncu gibi çok farklı renklere sahiptirler. Farklı renk, hepsinin birer süper gıda olduğu gerçeğini değiştirmez. Süperliklerine süperlik katan bir diğer özellikleri ise bütçe dostu olmalarıdır. Çorbalardan salatalara, sıcak yemeklerden pürelere, dünyanın her yerinden yapılabilecek sayısız tarif hiç zorlanmadan bulunabilir.

## THE PERFECT COUPLE

The ancient miracle yogurt and newly revived 150 years old granola is a match made in heaven. Taste and texture are on the opposite ends of the spectrum, but they complement each other perfectly. This mix is an immense source of fiber and bacteria that provide numerous benefits to the digestive system. Pair this majestic couple with fresh or frozen fruits and seeds, and you'll have a fun and rich breakfast to start the day.

## KUSURSUZ ÇİFT

Kadim mucize yoğurt ve yeniden popüler olan 150 yıllık granola örnek alınacak ideal bir çift gibi. Tat ve doku olarak, alabildiğine zıt uçlardalar ancak birbirlerini mükemmel tamamlıyorlar. Bu harika birliktelik sonucunda sindirim sistemine sayısız fayda sağlayan muazzam bir lif ve yararlı bakteri kaynağı ortaya çıkıyor. Bu kusursuz çifti taze veya dondurulmuş meyveler ve tohumlarla eşleştirin, eğlenceli ve zengin bir kahvaltıyla güne başlayın.

With this collection, we pay tribute to the ancient wisdom of artisans and the collective design culture persevering and evolving for centuries. While the hand-drawn color blocks let us converge on the transformation of nature with their irregular and flawed forms, the inclusiveness of earth tones from olive green to terracotta and cappuccino brings mother earth's healing power to our tables.

*Bu koleksiyon, zanaatkarların kadim bilgeliğine ve asırlardır süregelen, gelişen kolektif tasarım kültürüne bir saygı duruşu! Elle çizilmiş renk blokları, düzensiz ve kusurlu formlarıyla doğanın dönüşümüne yakınlaşmamızı sağlarken, zeytin yeşilinden terakota ve kapuçinoya kadar uzanan toprak tonlarının kapsayıcılığı doğa ananın iyileştirici gücünü sofralarımıza taşıyor.*

While we make your dining tables stylish, we do not compromise on entertainment and settle for less fun. We also greet and say hello to the digitalized world with the optical illusions we create. Organic textures embedded with metallic glittery, grainy effects and fine lines meet with pastel color tones, resulting in a futuristic look.

*Yemek masalarınızı şık hale getirirken eğlenceden de ödün vermiyor, daha azıyla yetinmiyoruz. Dijitalleşen dünyayı yarattığımız optik illüzyonlarla selamlıyor ve merhaba diyoruz. Metalik ışılıtlarla iç içe geçmiş organik dokular, grenli efektler ve ince çizgiler, pastel renk tonlarıyla buluşarak fütüristik bir görünüm ortaya çıkarıyor.*

Its facilities located in Kütahya, LAV is the world's fifth largest glassware manufacturer, supplying 2 million items every day with a large range of tumblers, stemware, bowls and etc. Today, LAV employs 2,000 people, with its sales and marketing office in Istanbul and two production plants built on a 300,000 square meter area in Kütahya.

LAV exports its innovative and unique glassware products to 130 countries, including France, Spain and USA in particular, as well as Brazil, the Philippines and China. ## LAV'a dair...

1994 yılında temelleri atılan LAV, Türkiye'de sofracılık sektöründe 20 yıldır sektörde inovatif ve teknoloji odaklı bir rol üstleniyor. Üretimini Kütahya'da gerçekleştiren LAV günde 2 milyon adede ulaşan günlük üretim adeti ile meşrubat, kadeh, kase, vb. sofracılık üretiminde dünya üreticileri arasında 5. sırada yer almaktadır. Türkiye'nin her noktasına ulaşan güçlü bir satış ve dağıtım ağına sahip LAV'ın yenilikçi ve özgün cam tasarımları, dünyada başta Fransa, İspanya ve Amerika olmak üzere, Brezilya'dan Çin ve Filipinler'e kadar 130 farklı ülkeye ihraç edilirken, küresel güçlü dağıtım ve satış ağı sayesinde Zanzibar, Mauritius Adaları, Viktorya Şelaleleri, Tokyo ve Sidney gibi simge olmuş ülkelere tasarımlarını ulaştırıyor.

LAV, cam üretimi ile ilgili araştırma ve geliştirme faaliyetlerini bünyesinde 2001 yılında kurduğu "fabrika içinde fabrika" olarak nitelendirilen Technopark'ta gerçekleştiriyor. İnovasyon odaklı Technopark, alanında kendi üretim teknolojisini oluşturan dünyadaki 3 firmadan biridir.
