LAV

SAME ROOF OVER EVERY TABLE

At LAV, we have always believed that glassware becomes meaningful when it enters real life, when it meets a table, a culture, or a moment. The upper stroke of the "A" in our logo has been a symbol of that belief. It represents a roof, a shelter, and a gathering point; a simple gesture that brings people together.

Amid our presence in more than 140 countries, this symbol naturally reflects who we are. It speaks to the homes we enter, the cultures we celebrate, and the daily rituals we support. It carries the warmth of hospitality, and the strength of craftsmanship. Most importantly, it shows how a global brand can still feel personal, as each home has its own roof and each table its own story.

As LAV grows with innovation, sustainability, design and craftsmanship, this symbol will keep growing. It reflects our belief that wherever life happens, there is always room for connection, for harmony, and for the moments we share as a community. It clearly expresses that every product we create is designed to accompany diverse ways of living, cultures, and the meaningful rituals that bring people together.

HER SOFRANIN ÜZERİNDE AYNI ÇATI

LAV olarak, camın gerçek anlamını ancak hayatın içine karıştığında bulduğuna inanıyoruz. Bir sofraya dokunduğunda, bir ritüelle buluştuğunda, bir kültürün parçası olduğunda... Logomuzdaki "A" harfinin şapkası, bu yaklaşımın doğal bir ifadesidir. Bir çatıya, bir sığınağa ve bir buluşma noktasına işaret eder; insanları bir araya getiren sade ama güçlü bir simgedir.

140'tan fazla ülkedeki varlığımızla bu sembol, kimliğimizi en yalın ve en samimi hâliyle yansıtır. Girdiğimiz evleri, temas ettiğimiz kültürleri ve eşlik ettiğimiz gündelik ritimleri görünür kılar. Sofranın davetkâr sıcaklığını, ustalıklı şekillenen camın zamana direnen karakteriyle buluşturur. En önemlisi, her çatının altında farklı bir yaşam olduğunu bilen küresel bir markanın, insanlarla ne kadar doğrudan ve içten bir bağ kurabildiğini ortaya koyar.

LAV; inovasyon, sürdürülebilirlik, tasarım ve ustalıklı ilerlerken bu sembol de bu yolculuğun bir parçası olarak büyür. Hayatın her anında bağ kurmayı ve paylaşımı önemseyen yaklaşımımızı temsil eder. Ürettiğimiz her parçanın, farklı yaşam biçimlerine, kültürlere ve insanları bir araya getiren ritüellere eşlik etmek üzere tasarlandığını güçlü bir biçimde ortaya koyar.

THE MEANING BEHIND / TAŞIDIĞI ANLAM

A universal symbol of gathering: We believe that every home, every table, and every culture finds a place under it.

Evrensel bir biliktelik sembolü: Her evin, her sofranın ve her kültürün onun altında kendine ait bir yer bulduğuna inanıyoruz.

A bridge between experience and innovation: The symbol carries our heritage forward while opening space for new ideas.

Deneyimle inovasyon arasında bir köprü: Edindiğimiz birikimi, yarının fikirlerine ve yaşam biçimlerine alan açan bir vizyonla ileriye taşır.

A mark of continuous progress: An arrow that embodies our commitment to evolving craftsmanship and technology.

Sürekli ilerlemenin işareti: Ustalık ve teknolojiyi birlikte geliştiren üretim anlayışımızı temsil eder.

A form shaped to adapts: A flexible, versatile marker that shifts across cultures.

Esnek ve çok yönlü: Küresel kültürel çeşitlilikle uyumlu, farklı bağlamlara doğal biçimde eşlik eden esnek ve çok yönlü bir işaret.

A form that gathers our different ways of living into one shared sense of belonging.

Farklı yaşam biçimlerimizi, paylaştığımız ortak bir aidiyet duygusu altında bir araya getiren bir sembol.

FULL OF FORWARD VISION

Our journey with glass began in 1994, shaped by innovation, sustainability, and technology. From day one, our aim has been to deliver excellence worldwide. Sustainability is central to how we operate. Through responsible materials and advanced water- and energy-saving processes, we run with the lowest water and electricity consumption rates in our industry globally. Protecting the planet guides every step of production.

Backed by 1500+ professionals, LAV reaches tables in more than 140 countries, from the United States to China. As the world's fifth-largest glassware manufacturer, we produce 2 million items daily across two facilities spanning 300,000 square meters. We are also one of only three companies globally developing its own glass production technologies, supported by pioneering R&D in our Technopark.

LAV is more than a glassware manufacturer. We are a local producer creating value and memorable moments worldwide. Guided by our principles—act brave, do good, and think unlimited—we keep pushing boundaries and raising standards.

► BUSINESS PARTNERSHIPS

LAV focuses on each partner's specific needs, delivering inventive, fit-for-purpose solutions. With transparent communication, we include partners at every stage to help brands strengthen value and build lasting consumer connections.

► CULTURE

We grow through a healthy workplace that supports free thinking, collaboration, and innovation. By prioritizing knowledge and continuous development, we invest in our people through recruitment, training, and recognition.

► INNOVATION

Innovation and technology guide every division at LAV. Led by our R&D teams and powered by our Technopark, we continue to place new ideas at the center—remaining one of only three companies worldwide creating its own production technologies in glassware.

İLERİ GÖRÜŞ DOLU

Camla yolculuğumuz 1994'te inovasyon, sürdürülebilirlik ve teknoloji odağında başladı. İlk günden beri hedefimiz, dünyanın her yerine yüksek standartlarımızı taşımak. Sürdürülebilirlik yaptığımız her işin merkezinde. Çevreye duyarlı malzemeler kullanıyor, gelişmiş su ve enerji tasarrufu süreçleri uyguluyoruz. Bu sayede, sektörümüzde dünya genelinde en düşük su ve elektrik tüketim oranlarıyla çalışıyoruz. Gezegeni koruma kararlılığımız, üretimimizin her adımına yön veriyor.

1500+ kişilik ekibimizle LAV ürünlerini Amerika Birleşik Devletleri'nden Çin'e, 140'tan fazla ülkede sofralara ulaştırıyoruz. Dünyanın en büyük 5. sofa camı üreticisi olarak, 300.000 metrekareyi kapsayan iki tesiste günde 2 milyon ürün üretiyoruz. Ayrıca, kendi cam üretim teknolojilerini geliştiren dünyadaki yalnızca üç şirketten biriyiz ve öncü Ar-Ge çalışmalarımızı Technopark'ımızda yürütüyoruz.

LAV, bir üreticiden fazlasıdır. Yerel olmaya değer vererek dünya çapında değer yaratıyor, müşterilerimizin değerli anılarına eşlik ediyoruz. "cesur davran, iyi yap, sınırsız düşün" ilkelerimizle sürekli daha iyi olmayı hedefliyoruz.

► İŞ ORTAKLIKLARI

Her iş ortağımızın ihtiyacına göre yaratıcı, amaca uygun çözümler sunuyoruz. Şeffaf ve açık iletişimle sürecin her aşamasına ortaklarımızı dahil ediyor, markaların değerini güçlendirmesine ve tüketiciyle kalıcı bağ kurmasına destek oluyoruz.

► KÜLTÜR

Özgür düşüncüyü, iş birliğini ve inovasyonu besleyen sağlıklı bir çalışma ortamı kuruyoruz. Bilgiyi, yetkinliği ve gelişimi önceliklendiriyor; işe alım, kurum içi eğitim ve ödül programlarıyla ekiplerimizin profesyonel ve kişisel gelişimini destekliyoruz.

► İNOVASYON

İnovasyon ve teknoloji tüm birimlerimize yön veriyor. Dinamik ekiplerimiz, Ar-Ge gücümüz ve Technopark'ımızla yeni fikirleri işimizin merkezinde tutuyor, sektörde kendi üretim teknolojisini geliştiren üç küresel oyuncudan biri olmayı sürdürüyoruz.

FULL OF INTELLIGENT & CRAFT

LAV, the world's fifth-largest glassware producer, stands as an internationally recognized brand built on advanced production technologies and a constant drive for innovation. Our two mega-factories manufacture 2 million units per day, supported by a unique "factory within a factory" model that allows us to design and build our own machinery. This approach ensures consistent quality, high productivity, and full control over every step of manufacturing.

We export to more than 140 countries, a reach that reflects the global trust placed in our products. Sustainability remains one of our defining strengths: LAV operates with significantly lower water and energy consumption than any other company in the glassware sector. With more than 1500 expert employees, we take pride in being a sustainable, innovative, high-quality Turkish brand admired all over the world.

ZEKA & USTALIK DOLU

LAV, dünyanın en büyük 5. sofracı üreticisi olarak ileri üretim teknolojileri ve inovasyona dayalı yaklaşımıyla uluslararası ölçekte tanınan bir markadır. Bu yapı, tutarlı kaliteyi, yüksek verimliliği ve standartlarımızı her gün aynı seviyede korumamızı mümkün kılıyor.

140'tan fazla ülkeye ihracat yapıyoruz; bu ölçek, ürünlerimize duyulan küresel güvenin net bir göstergesi. Sürdürülebilirlik en güçlü yönlerimizden biri: LAV, sofracı sektöründeki diğer tüm şirketlerden belirgin biçimde daha düşük su ve enerji tüketimiyle çalışır. 1500+ uzman çalışanımızla, dünyanın dört bir yanında takdir gören sürdürülebilir, inovatif ve yüksek kaliteli bir Türk markası olmaktan gurur duyuyoruz.

► Calista - p45

Calista introduces a new level of lightness to the LAV collection. Crafted for a refined drinking experience, each piece balances clarity, durability, and an airy elegance that feels effortless in the hand. Available in a 510 cc long drink and a 400 cc soft drink, Calista is shaped for versatile, everyday use. The slim vertical lines at the base catch the light softly, adding texture without weight, while the stackable silhouette brings practical ease to modern kitchens.

Calista, LAV koleksiyonuna incelik ve hafifliği aynı anda taşıyor. Rafine bir deneyim için tasarlanan Calista'lar; berraklık, dayanıklılık ve elde rahat hissedilen bir incelik sunuyor. 510 cc ve 400 cc seçenekleriyle günlük kullanımda çok yönlülük sunar. Tabanındaki ince dikey çizgiler ışığı nazikçe yakalayıp ağırlık yaratmayan bir doku ekler; üst üste istiflenebilir yapısı ise modern mutfaklara pratik bir rahatlık getirir.

◀ Helen - p79 & p91

The Helen series has always stood out for its clean lines, modern silhouette, and the sense of order it brings to routines. This year, the family grows with three thoughtful additions designed to make the series even more versatile: a tea glass, a tea saucer, and a bowl that brings Helen's signature aesthetic into the world of small bites and sweet servings.

Each new piece carries Helen's signature ribbed texture, creating a familiar rhythm. The tea glass brings a refined clarity to traditional tea rituals, while the matching saucer mirrors the design language with soft, square contours. The bowl extends Helen's design language into new uses, offering a textural, light-catching surface ideal for snacks, desserts, or small servings that deserve a considered presentation.

Helen serisi; temiz çizgileri, modern silüeti ve gündelik rutinelere kattığı düzenle her zaman öne çıkmıştır. Bu yıl Helen ailesi, ürün serisini daha da çok yönlü hale getiren üç özenli eklemeye büyüyor: Çay bardağı, çay tabağı ve Helen'in imza estetiğini küçük ikramlar ile tatlı sunumlarına taşıyan bir kase.

Her yeni parça, Helen'in karakteristik dokusunu koruyarak tanıdık bir ritim yaratıyor. Çay bardağı, çay saatlerine rafine bir his katarken; uyumlu çay tabağı, yumuşak köşeli kare formuyla modern tasarım dilini zenginleştirerek tamamlıyor. Kase ise Helen'in çizgisini yeni kullanım alanlarına taşıyor; ışığı yakalayan dokulu yüzeyiyle atıştırmalıklar, tatlılar ve özenli bir sunum isteyen küçük porsiyonlar için ideal bir zemin sunuyor.

► Tessa - p46

Tessa brings a new tactile dimension and experience to LAV's world of tumblers. Designed as a set of three stackable glasses, the new LAV trio moves effortlessly from everyday drinks to layered desserts, small bites to creative presentations. Each Tessa piece offers a different height inviting endless combinations on the tables.

What makes Tessa truly distinctive is its trio of patterns. Familiar geometric motifs are reinterpreted with modern clarity, so each glass feels connected yet unique. Together, they create a subtle harmony of textures that catch the light beautifully and add depth to any serving moment.

From a refreshing long drink to a breakfast parfait or a simple bowl of forrest berries, Tessa glasses adapt with ease. Their lightness, stackable practicality, and expressive pattern language make them a versatile companion for every setting.

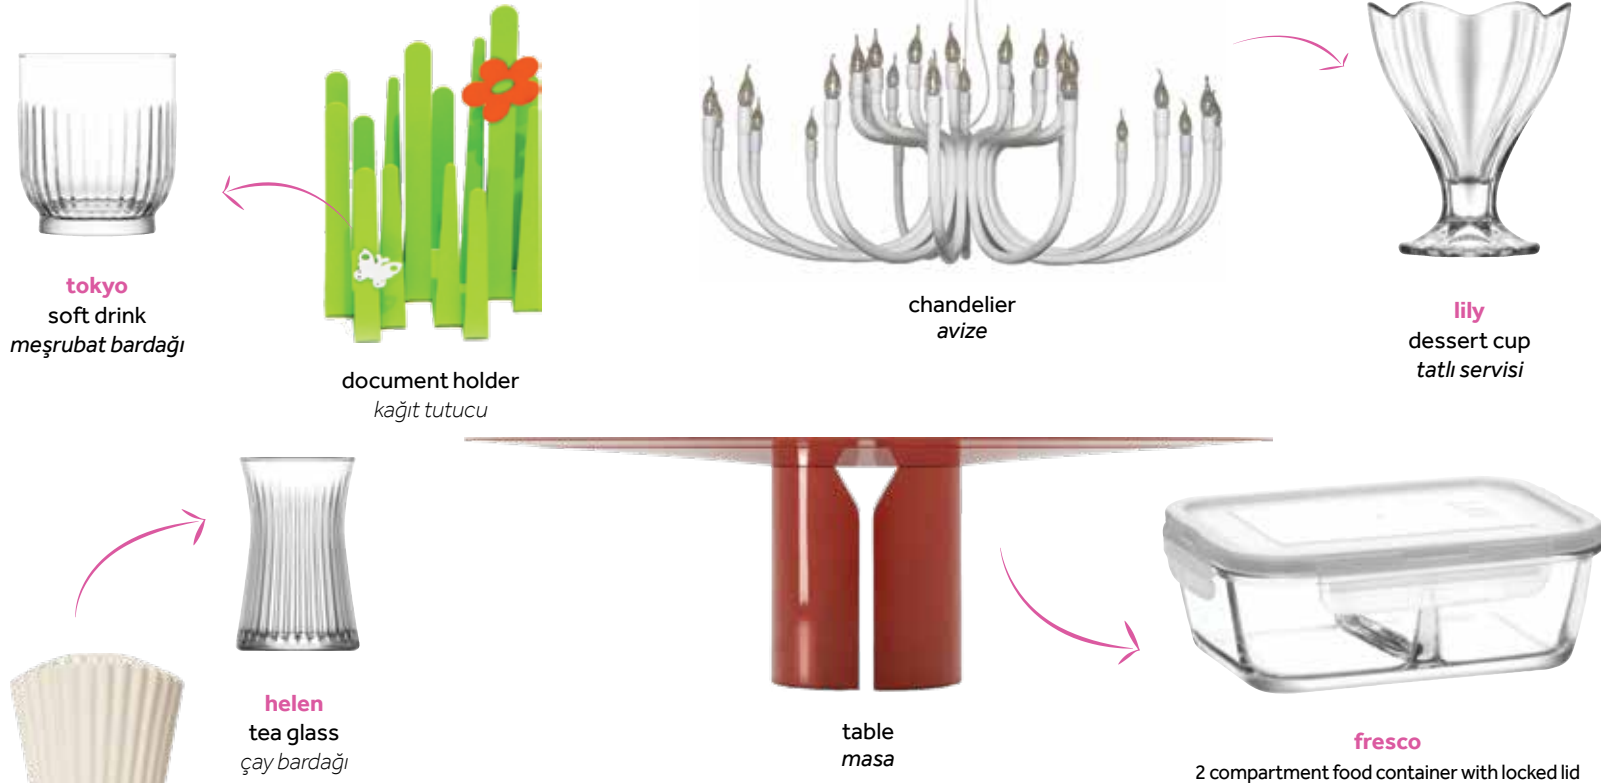

Tessa, LAV'ın meşrubat bardağı dünyasına yüzey dokusuyla ve kullanıcıya verdiği hisle yeni bir boyut ekliyor. Üç farklı boyutta üst üste istiflenebilir bardaktan oluşan set; gündelik içeceklerden katmanlı tatlılara, küçük atıştırmalıklardan yaratıcı sofa sunumlarına zahmetsizce geçiş yapıyor. Farklı yüksekliklerdeki parçalar masada sayısız servis kombinasyonuna alan açıyor.

Tessa'yı gerçekten farklı kılan ise üçlü desen dili. Tanıdık geometrik motifler modern bir netlikle yeniden yorumlanıyor; böylece her bardak bir bütünün parçası gibi dururken kendi karakterini de koruyor. Bir araya geldiklerinde ışığı zarifçe yansıtan, servis anına derinlik katan dengeli bir doku uyumu yaratıyorlar.

Serin bir meşrubattan kahvaltılık bir parfeye ya da sade bir orman meyveleri sunumuna kadar Tessa kolaylıkla uyum sağlar. Hafifliği, istiflenebilir pratikliği ve ifade gücü yüksek desen diliyle, her güne eşlik eden çok yönlü bir set.

FULL OF MEDITERRANEAN EASE

Along the Mediterranean, from Italy's sunlit gardens to France's serene wine country, every glass tells a story of ease and warmth. It's a way of living that invites you to pour, share, and savor the simple beauty of the moment.

Gaia stemless wine glasses embody this relaxed elegance. Their grounded form feels natural in the hand, allowing the aromas to open effortlessly while keeping the experience casual and contemporary. Without a stem, Gaia moves easily between settings: An refreshing juice under citrus trees, a chilled rosé shared at the garden table, or an evening red enjoyed during long conversations that stretch into the night.

Each piece balances clarity with comfort, offering a shape that complements both traditional wines and the modern, fruit-forward blends loved across Mediterranean coasts. Whether paired with Fonte for refreshing pitchers of Italian orange sangria or used on their own, Gaia makes everyday gatherings feel fresh, warm, and quietly refined.

AKDENİZ SAKİNLİĞİ DOLU

Akdeniz kıyılarında, İtalya'nın güneşli bahçelerinden Fransa'nın sakin bağ rotalarına, kalkan her kadeh, sıcak bir hikayedir. Doldurulan her bardak, paylaşmaya ve o anın yalın çekiciliğine adanmış yaşam tarzını temsil eder.

Gaia kadehler, bu rahat zarafeti camın diliyle anlatır. Dengeli formu elde doğal duruşu; aromaların zahmetsizce açılmasına alan tanırken deneyimi modern ve gündelik bir çizgide tutar. Gaia, farklı ortamlara kolayca uyum sağlar. Narenciye ağaçlarının altında serin bir meyve suyu, bahçe masasının etrafında paylaşılan soğuk bir rosé veya geceye uzayan sohbetlere eşlik eden bir kırmızı da Gaia'larla en ait olduğu yerdedir.

Her parça, berraklık ile konforu dengeler; hem klasik şaraplara hem de Akdeniz kıyılarında sevilen meyvemsi modern kupajlara uyumlu bir form sunar. Fonte ile servis edilen kan portakallı bir sangria'ya eşlik ederken de, tek başına sunulduğunda da Gaia, gündelik buluşmalara taze, sıcak ve sakin bir rafinelik katar.

FULL OF EVERYDAY EASE

Another easy gathering takes shape in scenes like this, where the Misket family blends naturally into real-life hosting. Their simple, balanced forms make even a small table feel ready for company.

mis550 in the photo shows how versatile the series can be: its coupe shape handles light spritzers, homemade lemonades or small dessert portions with the same ease. **mis590** adds more volume for fruit punches or shared soft drinks, while **mis568**'s rounded bowl works for chilled herbal infusions.

Together, they create a set that adapts without effort, glasses that feel at home in spontaneous moments, quick servings and casual gatherings that don't need planning to feel complete.

KOLAYLIK DOLU

Plansız bir buluşma kendiliğinden şekil alır. Misket ailesi, bu spontane misafir ağırlama anlarına en doğal ve çok yönlü şekilde eşlik eder. Sade ve dengeli formları sayesinde küçük tatlı masa hızlıca dört başı mamur bir davete dönüşür.

mis550, ailenin ne kadar esnek kullanılabildiğinin göstergelerinden biridir. Kupe formu, hafif spritz'leri de zevkle taşır, ev yapımı limonataları da. Aynı rahatlıkla küçük tatlı porsiyonlarına da ev sahipliği yapabilir. **mis590**, meyve punchları ve mocktail'ler için daha fazla hacim sunarken, **mis568**'in balon gövdesi ise soğuk bitkisel infüzyonlara çok yakışır.

Bir araya geldiklerinde, zahmetsizce uyum sağlayan bir takım oluştururlar. Spontane anlarda, hızlı servislerde ve plan yapmadan tamamlanmış hissettiren samimi buluşmalarda yerlerini bulurlar.

FULL OF SUNLIT MOMENTS

There is a quiet elegance in the way **LAL's** fine rim glasses turn an ordinary afternoon into a small celebration. A few ice cubes, thin slices of orange, chilled sparkling water and suddenly the table feels brighter and more intentional.

The **lal592** wine glass suits these refreshing moments with its delicate rim and tall, balanced silhouette. Build a simple Summer Spritz directly in the glass by mixing tonic, citrus peels and a handful of frozen berries for a natural chill. For a lighter option gently mix peach nectar with sparkling mineral water and let the fine rim highlight every soft aroma.

GÜNEŞLİ ANLAR DOLU

İnce ağızlı LAL şarap bardaklarının kattığı zarafet, sıradan bir öğleden sonrayı küçük bir kutlamaya dönüştürür. Birkaç buz küpü, portakalın ince dilimleri, soğuk bir maden suyu ile masa bir anda daha aydınlık, daha özenli görünür.

lal592, bu ferah anlara zarif ince ağız detayı ve uzun, dengeli silüetiyle eşlik eder. Dilediğiniz Spritz'i doğrudan bardakta hazırlayabilirsiniz. Tonik, narenciye kabuğu, doğal bir soğukluk için bir avuç donmuş orman meyvesini karıştırmanız yeterli. Daha hafif bir seçenek isterseniz, şeftali nektarı ve soda ile de benzer ferahlığı kolayca yakalarsınız. Bardağın ince ağız, en yumuşak aromaları bile keyifle dağıtır.

Inspired by the spirit of Scotland / İskoçya'nın Ruhundan İlhamla

FULL OF HOMEGROWN SPIRIT

Across America, whiskey carries the weight of landscapes: The sharp winters of the North, the humid summers of the South, and the grain fields that stretch farther than the eye can follow...

There's a certain quiet charm to an American evening at home. A worn couch, a game on low volume and a glass waiting for something slow. For many, that "something" is a rye or bourbon rooted in places with their own stories. Think of the peppery ryes coming out of the windswept plains surrounding Templeton, or the warm, rounded bourbons shaped by the limestone-rich soil of Kentucky. Every region leaves its fingerprint.

All LAV's whiskey glasses like **Brit** settle into this ritual with ease. They're clear enough to reveal the deep amber grain shaped by the limestone-rich waters of Kentucky and the rye fields stretching across the Midwest, solid enough to feel familiar in the hand. You taste the landscape before the spirit even touches your lips. No flash, no fuss. Just an honest vessel for an honest pour; the way American whiskey is meant to be met.

On these game nights, you may match any LAV whiskey glass with **Helen** or **Odin** as a small-batch snack service. Smoked almonds, chili-lime popcorn or maple-glazed pecans feel right at home. A simple nod to how American living rooms turn everyday pauses into small celebrations.

YEREL RUHLA DOLU

Amerika'da viski, üretildiği yerin havasını da yanında taşır: Kuzeyin sert kışını, Güneyin nemli yazını, göz alabildiğine uzanan engin düzlükler ve tahıl tarlalarında dans eden rüzgarları...

Evde geçen saatin bir akşamda bunu daha net hissedersiniz. Anıları olan bir koltuk, arka planda akan bir maç ve yavaş yavaş yudumlanmayı bekleyen bir kadeh. Bardakta bekleyen kimi zaman rüzgârlı düzlüklerin keskin çavdarlarının hayat verdiği bir Rye, kimi zaman da Kentucky'nin zengin topraklarında şekillenen bir Bourbon olabilir. Her bölge, bardağa kendine has izini bırakır.

Brit gibi LAV viski bardağı bu ritüele hakkıyla eşlik eder. Farklı yoğunluktaki amber tonlarını bonkör bir şekilde sergileyebilecek kadar berraklık ve güven veren tutuş hissiyle LAV viski bardakları anın ruhunu yansıtır. Daha ilk yudumu almadan, coğrafyanın karakterinin kendini ifade etmesine müsade eder. Abartı yok, fazlalık yok. Rahat ve samimi bir ana, dürüst bir eşlikçi.

Maç gecelerinde LAV bardaklarına **Helen** veya **Odin** kaselerde fûme badem, acı ve lime aromalı patlamış mısır ya da akçaağaç şurubu ile zenginleştirilmiş pekan cevizi gibi çerez servisleri ile eşlik edebilirsiniz. Amerikan oturma odalarının sıradan gibi gözükken bir akşamı, küçük ve samimi bir kutlamaya çevirmesi gibi siz de maç, sohbet ve viskiyi aynı ritimde buluşturup birkaç küçük detayla sıradan bir anı özel bir anıya dönüştürebilirsiniz.

LAV

FULL OF CARIBBEAN EASE

A Caribbean morning in Cuba begins with a familiar ritual: finding something cool enough to steady the day. Before the streets wake fully, vendors crush fresh sugarcane for guarapo, families blend thick batido de mamey, and cafés shake up limonada criolla with wild mint and just-picked limes. These drinks aren't trends; they're everyday anchors in a climate where freshness is a necessity, not a luxury.

Cuban refreshers deserve a glass that keeps their clarity and color honest. LAV's tumblers naturally settle into this rhythm. Taller, straighter forms like **Elegan (elg379)** and **Zoey (zoe387)** hold stacked lime slices without crowding, perfect for Limonada Criolla that tastes best ice-cold. Wider silhouettes such as **Tessa (tes350)** suit Guarapo letting crushed ice melt slowly enough to soften its grassy edge. Each design keeps the focus on the ingredients, not the container, echoing the island's unadorned, practical approach to cooling off.

In a place where conversations happen on porches, balconies, and street corners, these glasses follow the flow of daily life with ease. And in those small, sunlit pauses, LAV becomes part of Cuba's most enduring habit: staying refreshed, staying connected, staying present weight that keeps them comfortable in hand.

These are drinks meant to be lingered over, with conversation drifting as easily as the coastal air. In settings like this, LAV becomes part of the island's relaxed, open-handed hospitality.

KARAYİP ESİNTİSİYLE DOLU

Küba'da bir Karayip sabahı, tanıdık bir ritüelle başlar. Günü dengeleyen serin bir şey bulursunuz. Sokaklar tam uyanmadan şeker kamışı guarapo için ezilir, evlerde yoğun batido de mamey hazırlanır, kafelerde yabani nane ve taze lime ile limonada criolla çalkalanır. Bunlar bir akım değil; sıcak iklimde ferahlığı ayakta tutan günlük alışkanlıklardır.

Küba'nın tazeleyen içecekleri, berraklığını veya renklerini saklamayan bardakları hak eder. LAV meşrubat bardakları, bu gereksinimleri karşılar ve adanın ritmine kendiliğinden ayak uydururlar: **Elegan (elg379)** ve **Zoey (zoe387)** gibi misket limonu dilimlerini tıkıştırarak sığdırabileceğiniz daha uzun ve düz formlar buz gibi bir Limonada Criolla için idealdirler. **Tessa (tes350)** ise kırık buz parçalarının şeker kamışı suyunun yeşil tonunu yavaşça yumuşatmasına izin veren genişliğiye Guarapo'ya yakışır. Tasarım, odağı bardak aracılığıyla içeriğe yönlendirir ve adanın içecek kültürünü yüceltir.

Sohbetin veranda ve balkonlardan kapı ağızlarına ve sokak köşelerine taşıdığı bu hayatın içinde bardaklar da akışa uyum sağlamalıdır. Güneşin yansıdığı dar sokaklardaki o küçük mola anlarında LAV, Küba'nın en kalıcı alışkanlığına eşlik eder: ferah, bağlantıda ve anda kalmaya.

Bu içecekler aceleyle içilmez; sohbete eşlik ederler ve ağır ağır yudumlanırlar. Sözler kıyı rüzgârı gibi dolaşırken, LAV adanın rahat ve cömert misafirperverliğinin doğal bir parçasına dönüşür.

FULL OF QUIET ELEGANCE

A late afternoon in Puerto Rico leans into its own mellow rhythm. The air thickens with pineapple and coconut, verandas glow in the lowering sun, and everyday life unfolds with an unhurried confidence unique to the island.

There's a grounded simplicity in the way drinks come together here. Coconut shavings softening into white rum, slices of guava dropped into tall glasses, ice melting just enough to take the edge off the heat. It's an easy, sun-led tempo that turns everyday gatherings into something quietly refreshing. Here, cocktails are a gentle way to cool the day, shared with neighbors and friends who drift in and out as easily as the breeze.

LAV's **Nevakar** rises naturally into this setting, tall enough for layered blends and generous tropical garnishes. **mis550** brings a wider coupe shape ideal for a piña colada spritz finished with a single edible flower. **mis586**, with its crisp martini line, lifts lighter island mixes like a lime-cooled coconut martini or a smooth passion fruit cordial.

All three share the same clarity and balance that make LAV glasses feel immediately at home in warm climates: steady stems, clean lines, and a weight that keeps them comfortable in hand.

As the afternoon softens and the light turns gold, the glass becomes part of the scene. Nevakar's clean clarity doesn't compete with the drink it carries it letting color, ice and garnish speak for themselves. You take a sip, you cool down, you settle in. No rush, no show just an easy moment that feels finished on its own.

DİNGİN ZARAFETLE DOLU

Porto Riko'da geç bir öğleden sonra, kendi yumuşak ritmini bulur. Hava ananas ve hindistan cevizi kokusuyla yoğunlaşır; verandalar alçalan güneşle parlar ve hayat, adaya özgü sakın bir özgüvenle akıp gider.

İçecekler burada gösterişsiz bir sadelikle hazırlanır. Hindistan cevizi rendesi beyaz romun içinde yumuşar; guava dilimleri uzun bardaklara bırakılır; buz, sıcaklığın keskinliğini alacak kadar erir. Güneşin yön verdiği bu tempo, sıradan buluşmaları sessizce ferahlatan anlara dönüştürür. Kokteyller günü serinletmenin nazik bir yoludur; komşular ve dostlar esinti gibi girip çıkar; sohbet kendiliğinden akar.

Nevakar katmanlı karışımlar ve cömert tropik garnitürler için yeterince uzun, elde dengelidir. mis550'nin daha geniş kupe formu, tek bir yenilebilir çiçekle tamamlanan bir Piña Colada Spritz için idealdir. mis586 ise net martini çizgisiyle, Coconut Martini ya da yumuşak bir Passion Fruit Cordial gibi daha hafif ada karışımlarını öne çıkarır.

Üçü de aynı berraklığı ve dengeyi paylaşır. Dengeli ayaklar, temiz çizgiler ve elde rahat hissettiren bir ağırlık... Her iklimde olduğu gibi tropik iklimlerde de LAV bardakları kendi evinde gibi rahat hisseder.

Güneş yumuşayıp gölgeler uzadığında, bardağın içi de günün tonunu yakalar. LAV'ın berrak tasarım çizgileri, tropik renkleri saklamaz; köpüğü, buzun parlaltısını ve garnitürün canlılığını olduğu gibi taşır. Bir yudumla serinler, bir yudumla sakınlersiniz. Kalanı aceleye gelmez; an, kendi hızında tamamlanır.

HESTIA
hes432

FULL OF SCANDI CALM

Amid the stillness of a Swedish winter morning lies a way of living built on balance, clarity and small habits that make the everyday feel intentional. The hush of snowfall against the window, the steady glow of a wood stove and the comfort of holding something warm all belong to a rhythm Sweden has quietly perfected.

This is where **fika** takes its place. Not a break, but a daily pause built around warmth, conversation, and the reassuring feel of a well-chosen mug. And in the evenings, Sweden shifts toward **mys** that intimate, fire-lit ease often confused with hygge, but distinctly its own. Here, a hot chocolate, a spiced tea, or a simple brew gains meaning through the ritual of holding, sharing, and slowing down.

LAV's **Hestia** and **Cozy** step naturally into these rituals. **Hestia**'s lightly ribbed glass brings tactile comfort to the hand, making every warm sip feel steadier and more grounded. **Cozy** carries the calm logic of Nordic design: simple lines, steady balance, and comfort that grows with use. Its German Design Award 2026 and Good Design Award 2025 recognition speaks to that clarity. Paired with **Hestia**, it helps shape the warm, unhurried pauses that make Swedish living feel grounded.

LAV mugs don't compete with the ritual, they let it unfold smoothly. From a morning fika to an evening moment of mys, they help warmth settle into the day in Swedish way: Softly, thoughtfully, and always with room to breathe.

İSKANDİNAV SAKİNLİĞİ DOLU

İsveç'te kış, sabahların sessizliğiyle bile bir düzen kurar. Pencereye vuran karın belli belirsiz sesi, odun sobasının güven veren alevi, avuçlara dokunan ve içi ısıtan kupanın verdiği konfor... Burada gün, küçük alışkanlıklarla dengelenir; hayat daha bilinçli ve daha sade akar.

İşte bu düzen fika felsefesine can verir. Basit bir mola değildir; sıcaklık, sohbet ve iyi seçilmiş bir kupanın güven veren hissi etrafında kurulan günlük bir duraktır. Akşam olduğunda ritim mys'e döner. Ateş ışığında, daha içe dönük ve daha yumuşak bir rahatlık başlar. Sıcak çikolata, baharatlı çay ya da sade bir kahve; anlamını hazırlamaktan değil, birliktelikten, paylaşmaktan ve yavaşlamaktan alır.

Hestia ve Cozy bu küçük ritüellere kolaylıkla uyum sağlar. Hestia'nın dikine çizgileri bir rahatlık verir; her sıcakık yudum daha dengeli, daha "yerinde" hissettirir. Cozy ise Nordik tasarımın sakin mantığını taşır. Çizgileri nettir, dengesi kusursuzdur ve her kullanışta daha çok konfor verir. Layık görüldüğü German Design Award 2026 ve Good Design Award 2025 tasarımın, duyar ve deneyimle birleştirdiğinin onayıdır.

LAV kupaları bu günlük araların ve döngülerin önüne geçmez; kültürel ritmi akışına ayak uydurur. Sabahki fika'dan akşamki mys'a, soğuk günlerin içine sıcaklığı İsveç usulü yerleştirir: Yumuşak, düşünceli ve nefes alacak kadar ferah.

FULL OF CELEBRATED DESIGN ÖDÜLLÜ TASARIM DOLU

Cozy stands as one of LAV's most considered hot-drink collections, where gentle retro cues meet a clean, contemporary sensibility. Its soft curves, smooth edges, and warm tonal palette create a familiar calm, while the ergonomic handle and smart stackability turn everyday use into an easy, intuitive ritual. These qualities have been recognized with both German Design Awards 2026 and Good Design Awards 2025.

As the **German Design Award** jury noted, "*the harmonious blend of retro charm and functional clarity defines Cozy.*" This balance of warmth and purpose gives the product family its quiet confidence and creates a design language that feels expressive yet effortless.

Cozy, LAV'ın sıcak içecek kategorisinin en ince düşünülmüş ürün gruplarından. Yumuşak retro dokunuşlar Cozy'lerde temiz ve çağdaş bir çizgiyle buluşur. Yuvarlatılmış köşeler, pürüzsüz kenarlar ve sıcak renk paleti, ilk bakışta tanıdık bir sakinlik hissi verir. Günlük kullanımda farkı hemen hissedilir. Ergonomik kulp elde güvenle ve doğal durur, istiflenebilir tasarımı dolaplarda düzeni kolaylaştırır. Böylece sıcak bir içecek hazırlamak, plan gerektirmeyen küçük bir ritüele dönüşür.

Bu tasarım dili, German Design Awards 2026 ve Good Design Awards 2025 ile de karşılığını buldu. German Design Awards jürisinin öne çıkardığı nokta net: "Cozy'yi Cozy yapan şey, retro karakter ile işlevselliğin birlikteliği". Bu denge, seriye zahmetsiz görünen ama özenli bir tasarım hissi bırakır.

FULL OF HOMEGROWN SPIRIT

An English kitchen has a way of making even the simplest ritual feel comforting. Morning light softens the blue cupboards, the kettle hums, and a batch of warm scones settles onto the counter beside jam and fresh butter. Nothing is hurried. Everything has a place.

LAV's storage pieces, especially the **Cube** range, slip naturally into this quiet tradition. Their clear glass keeps every layer visible; from a golden scone crumb to a spoonful of ruby-red jam while the snug lids protect flavors without overpowering the scene. They're practical, but never intrusive; part of the gentle order that defines a British kitchen.

And when the day winds down, these LAVs move with the same ease. Today's blocks of butter rests neatly for tomorrow's tea, and a portion of jam waits in the fridge without losing its texture or charm. It's LAV's way of honoring everyday rituals: simple moments, kept beautifully intact.

EVİN HUZURUYLA DOLU

İngiliz mutfağının, basit ritüelleri bile iç ısıtan bir düzene çeviren kendine özgü bir hali vardır. Sabah ışığı mavi dolapları yumuşatır, kettle usulca çalışır, sıcak scone'lar taze tereyağı ve reçelin yanına tezgâha yerleşir. Hiçbir şey aceleye getirilmez. Her şeyin ait olduğu bir yer vardır.

LAV'ın saklama kapları, özellikle **Cube** ailesi, bu sakin geleneğin içinde kendine doğal bir yer bulur. Berrak LAV camı her malzemeyi açıklıkla sergiler; altın renkli scone kırıntılarından yakut tonlu reçele kadar her detay görünür. Çok kullanışlıdır ve çevresiyle ahenk içindedir. İngiliz mutfağını tanımlayan o nazik düzenin uyumlu bir parçası olur.

Gün yavaşlamaya başladığında **Cube**'lar da yeni ritme adapte olur. Bugünün tereyağı yarınki çay servisine eşlik etmek için beklemeye geçer; reçelin kalanı kıvamını ve dokusunu kaybetmeden dolapta bekler. LAV, gündelik ritüelleri önemser. Küçük anların basitliğini özenle korur.

circus beauty
karnaval ışıltısı

Circus Beauty brings playful nostalgia to life with harlequin patterns, bold stripes, and retro colors. Inspired by theatrical whimsy, it blends festive reds, brights, and black-and-white contrasts for a vibrant, cross-seasonal celebration story.

Karnaval Işıltısı, Harlequin elmasları, cesur çizgiler ve retro renklerle eğlenceli bir nostaljiye hayat verir. Sahne dünyasının muzip ruhundan ilham alır; neşeli kırmızılar, canlı tonlar ve siyah-beyaz kontrastları bir araya getirerek mevsimden bağımsız, enerjisi yüksek bir kutlama sahneye koyar.

glowing neutrals
toprağın ışığı

Glowing Neutrals channels the radiant warmth of Amber Haze through volcanic textures and earthy tones, balancing mystical charcoal and soft beige to create a grounded yet luminous aesthetic rooted in nature's raw beauty.

Toprağın Işığı, Amber Işıltısı'nın içten sıcaklığını volkanik dokular ve toprak tonlar üzerinden aktarır. Mistik kömür tonunu yumuşak bejle dengeler ve ortaya yere sağlam basan ve kendi ışığıyla parıltı veren bir görünüm çıkar. Doğanın en ham halinden beslenen bu kompozisyon, sadeleştikçe derinlik kazanır.

luxurious berries
bordo ihtişam

Luxurious Berries evokes sensual richness through deep velvet tones like Cherry Lacquer and Plum Berry. Glossy and matte contrasts meet silky textures, while floating florals and golden accents enhance the sense of visual indulgence.

Bordo İhtişam, Kiraz Işıltısı ve Erik Moru gibi derin, kadifemsi tonlarla duyulara dokunan bir zenginlik hissi uyandırır. Parlak ve mat kontrastlar ipeksi dokularla buluşur; havada süzülen çiçekler ve altın vurgular, görsel cazibeyi daha da yoğunlaştırır.

LAV

FULL OF SMART PRESENTATION

ETKİLİ SUNUM DOLU

LAV designs every package and display with the same global mindset that guides our collections. Operating in more than 140 countries, we shape each touchpoint to feel clear, modern, and culturally inclusive so the brand speaks one consistent language, wherever it appears.

Our packaging and in-store displays follow the same principles as our products: durable materials, practical construction, and aesthetics that travel well from one market to another. Each solution is created to protect, to present, and to communicate the spirit of LAV with confidence.

By unifying design, functionality, and cultural awareness, we build a brand presence that feels trustworthy and harmonious across the world.

LAV, her ambalajı ve mağaza içi sergileme çözümünü, koleksiyonlarını ortaya çıkaran aynı global bakış açısıyla tasarlar. 140'tan fazla ülkede faaliyet gösterirken, her temas noktasını net, modern ve kültürel olarak kapsayıcı bir dille kurgularız. Böylece marka, nerede görünürse görünsün tek bir tutarlı dil ile hitap eder.

Ambalajlarımız ve mağaza içi sergileme çözümlerimiz, ürünlerimizle aynı prensiplere dayanır: Dayanıklı malzeme, pratik kurgu ve pazardan pazara rahatça taşınabilen bir estetik. Her çözüm, ürünü korumak, doğru şekilde sunmak ve LAV'ın ruhunu güvenle anlatmak için üretilir.

Tasarım, işlev ve kültürel farkındalığı aynı çizgide buluşturarak, dünyanın her yerinde güven veren ve uyumlu bir marka varlığı inşa ediyoruz.

Since its establishment in 1994, LAV has taken a leading role in the glassware industry thanks to its focus on market, customer, technology and innovation. Its facilities located in Kütahya, LAV is the world's fifth largest glassware manufacturer, supplying 2 million items every day with a large range of tumblers, stemware, bowls and etc. Today, LAV employs 2,000 people, with its sales and marketing office in Istanbul and two production plants built on a 300,000 square meter area in Kütahya. LAV exports its innovative and unique glassware products to 140 countries, including France, Spain and USA in particular, as well as Brazil, the Philippines and China. It does this thanks to its globally extensive distribution and sales network, which reaches different landmark based countries around the world such as Zanzibar, Mauritius Islands, Victoria Falls, Tokyo, Sydney, etc. LAV carries out its research and development activities on glassware production technologies at its Technopark facility, which is described as a "plant within a plant." Built in 2001, the innovation-focused Technopark is one of the three companies in the world which creates its own production technology.

1994 yılında temelleri atılan LAV, Türkiye'de sofa camı üretimiyle sektörde inovatif ve teknoloji odaklı bir rol üstleniyor. Üretimini Kütahya'da gerçekleştiren LAV günde 2 milyon adede ulaşan günlük üretim adeti ile meşrubat, kadeh, kase, vb. sofa camı üretiminde dünya üreticileri arasında 5.sırada yer almaktadır. Bugün, İstanbul'da satış ve pazarlama ofisi ve toplam 300 bin metrekarelik alan üzerine kurulu iki üretim tesisinde 2.000 kişiye istihdam sağlıyor. Türkiye'nin her noktasına ulaşan güçlü bir satış ve dağıtım ağına sahip LAV'ın yenilikçi ve özgün cam tasarımları, dünyada başta Fransa, İspanya ve Amerika olmak üzere, Brezilya'dan Çin ve Filipinler'e kadar 140 farklı ülkeye ihraç edilirken, küresel güçlü dağıtım ve satış ağı sayesinde Zanzibar, Mauritius Adaları, Viktorya Şelaleleri, Tokyo ve Sidney gibi simge olmuş ülkelere tasarımlarını ulaştırıyor. LAV, cam üretimi ile ilgili araştırma ve geliştirme faaliyetlerini bünyesinde 2001 yılında kurduğu "fabrika içinde fabrika" olarak nitelendirilen Teknopark'ta gerçekleştiriyor. İnovasyon odaklı Teknopark, alanında kendi üretim teknolojisini oluşturan dünyadaki 3 firmadan biridir.
